### **EXECUTIVE ORDER 9251**

SUSPENSION OF EIGHT-HOUR LAW AS TO LABORERS AND MECHANICS ELIPLOYED BY THE CIVIL AERONAUTICS ADMINISTRATION IN THE CONSTRUCTION OF PUBLIC WORKS WHICH ARE NECESSARY FOR THE SUCCESSFUL PROSECUTION OF THE WAR

WHEREAS the Civil Aeronautics Administration is engaged in construction of landing areas and air navigation facilities and other public works which are necessary for the successful prosecution of the war; and

WHEREAS the successful prosecution of the war requires the completion of such public works at the earliest practicable date; and

WHEREAS by section 1 of the act of August 1, 1892, 27 Stat. 340, as amended by the act of March 3, 1913, 37 Stat. 726, (U.S.C., Title 40, section 321) the service of all laborers and mechanics employed by the Government upon any public work of the United States is limited to eight hours in any one day, except in case of extraordinary emergency; and

WHEREAS it appears that unless the eight-hour limitation is suspended as to laborers and mechanics employed by the Civil Aeronautics Administration in the construction of the foregoing public works, it will be impossible because of the acute shortage of skilled mechanics and laborers to accomplish the work necessary to the completion of such public works within the time required by the interests of the war effort; and

WHEREAS I find that by reason of the foregoing an extraordinary emergency exists:

NOW, THEREFORE, by virtue of the authority vested in me by section 1 of the said act of August 1, 1892, as amended by the said act of March 3, 1913, and as President of the United States, I hereby suspend, for the duration of the emergencies proclaimed by me on September

8, 1939 and May 27, 1941, the above-mentioned provisions of law prohibiting more than eight hours labor in any one day of laborers and mechanics employed by the Government of the United States as to all work performed by laborers and mechanics employed by the Civil Aeronautics Administration and engaged in the construction of such landing areas, air navigation facilities, and other public works as the Administrator of Civil Aeronautics may from time to time specify as requiring, in the interest of the war effort, work in excess of eight hours per day: Provided, That the wages of all laborers and mechanics employed by the Government upon projects so specified by the Administrator of Civil Aeronautics shall be computed on a basic day rate of eight hours of work with overtime rates to be paid at time and one-half the basic rate of pay for all hours of work in excess of eight hours in any one day.

amends the Civil Air Regulations as follows:

Effective September 30, 1942, Part 04 of the Civil Air Regulations is amended as follows:

By amending § 04.630 to read as follows:

§ 04.630 General. Each engine shall have an independent oil supply. The oil capacity of the system shall be at least 1 gallon for every 25 gallons of fuel but shall not be less than 1 gallon for each 75 maximum (except take-off) rated horsepower of the engine or engines. A special ruling concerning the capacity will be made by the Administrator when oil may be transferred between engines in flight or when a suitable reserve is provided. The suitability of the lubrication system shall be demonstrated in flight tests in which engine temperature measurements are obtained. The system shall provide the engine with an ample quantity of oil at a temperature suitable for satisfactory engine operation.

TITLE 30-MINERAL RESOURCES Chapter III-Bituminous Coal Division [General Docket No. 21]

Parts 321 to 340, Inclusive, 342 and 343-MINIMUM PRICE SCHEDULE, DISTRICTS Nos. 1 to 20, Inclusive, 22 and 23

ORDER OF CLARIFICATION, LTC

Order of clarification in the matter of determining the extent of change, if any, in excess of two cents per ton in the weighted average of the total costs of any of the minimum price areas; and of revising the effective minimum prices as may be required by reason of any such change in costs.

On August 28, 1942, 7 F.R. 6943, there was issued an order in this proceeding providing for certain increases in the minimum prices effective October 1, 1942. In the case of all shipments except by truck or wagon the increases varied depending upon the market area destination. With respect to shipments via the Great Lakes it was explained in the accompanying Findings of Fact, Conclusions of Law, and Opinion that all coal shipped via the Great Lakes (except bunker fuel) would take the per ton in-crease prescribed for the market area to which the unloading (from the vessel) docks were physically contiguous. In the August 28, 1942 Order no special mention of this fact was made although increases on shipments via the Great Lakes were adequately provided for. Because of the failure to specifically state in the Order the method by which these increased prices were to be ascertained, it appears that some confusion has arisen. The Division has also received inquiries concerning the increase applicable to river, ex-river, and tidewater shipments. In order to clarify the method by which increases on shipments via the lakes, river, ex-river, and tidewater can be ascertained, I deem it advisable to issue this clarifying order.

\*\*Now, therefore, it is ordered, That \$\\$ 321.1 (a), 322.1 (a), 323.1 (a), 324.1 (a), 325.1 (a), 326.1 (a), 327.1 (a), 328.1 (a), 329.1 (a), 330.8 (a), 331.1 (a), 332.1 (a), 333.1 (a), 333.21 (a), 334.1 (a), 335.1 (a), 336.1, 337.1, 338.1, 339.1, 340.1, 342.1, and 343.1 are amended by providing that for the purpose of ascertaining the increase in the minimum prices applicable to coal shipped via the Great Lakes (except bunker fuel) the per ton increase pre-scribed for the market area to which the unloading (from the vessel) docks are physically contiguous shall govern.

It is further ordered, That §§ 321.1 (a), 322.1 (a), 323.1 (a), 324.1 (a), 325.1 (a), 326.1 (a), 327.1 (a), 328.1 (a), 329.1 (a), 330.8 (a), 331.1 (a), 332.1 (a), 331.1 (a), 333.21 (a), 334.1 (a), 335.1 (a), 336. 1, 337.1, 338.1, 339.1, 340.1, 342.1, and 343.1 are amended by providing that for the purpose of ascertaining the increase in the minimum prices applicable to coal shipped via river, ex-river, and tidewater, the per ton increase prescribed for the market area in which the ultimate destination to which the coal is shipped is located shall govern.

Findings of fact, conclusions of law memorandum opinion and order in the matter of petition of Bituminous Coal Producers Board for District No. 8 for change in classifications of size group 10 coals produced by Kentucky Cardinal Coal Corporation, code member in District No. 8 for shipment to all markets. This proceeding was instituted upon a petition filed with the Bituminous Coal Division (the "Division") on June 1, 1942,

by District Board No. 8, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 (the "Act"). The petitioner requested a change in the price classifications and minimum prices for all shipments except truck for coals in Size Group 10, from Classification "C" to Classification "A," of the Kentucky Cardinal Coal Corporation, a code member in District 8, operating the Cardinal No. 1 Mine, Mine Index No. 93, in Harlan County, Kentucky.

celling hearing, continuing temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 18 for the establishment of price classifications and mini-Memorandum opinion and order can-

An original petition was duly filed with this Division by the above-named party, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment of temporary and permanent for the coals and minimum prices for the coals of certain mines in District No. 18 for both rail and truck shipments, However, the original petimum prices for certain mines in District No. 18.

formation necessary for the establishment of certain price classifications and minimum prices requested by petitioner a memorandum opinion and order was issued in this matter on August 18, 1942, granting certain temporary relief and cacheduling a hearing to be held herein of the Bituminous Coal Division, Washington, D. C. tion failing to contain all pertinent in-

above-entitled matter, on September 4, 1942, filed with the Division a motion requesting that the hearing scheduled to be held herein on September 17, 1942, be postponed until October 8, 1943. District Board No. 18, petitioner in the Good cause having been shown why such motion should be granted, an order was issued on September 12, 1942, postponing the hearing scheduled to be held herein on September 17, 1942, until October 8, 1942.

On September 28, 1942, District Board No. 18 filed with the Division a petition for amendment of its original petition in the above-entitled matter, requesting in effect that the hearing scheduled to be held on September 17, 1942, and postponed until October 8, 1942, be cancelled and that the price classifications and minimum prices temporarily established by the Memorandum Opinion and Order dated August 18, 1942, 7 F.R. 6618, be made conditionally final in accordance with the Rules and Regulations of the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

The relief requested in the original petition in this matter, as modified by the amendment thereto filed with the Division on September 28, 1942, appears to be necessary and proper. Further, it appears that the price classifications and minimum prices established herein by the Memorandum Opinion and Order dated August 18, 1942, correspond with the classifications and minimum prices heretofore established for analogous and comparable coals produced in District No. 18. Accordingly, a reasonable showing of necessity having been made for the granting of the relief requested by petitioner in its amended petition, it is deemed advisable to cancel the hearing scheduled to be held in this matter on October 8, 1942, at Washington, D. C., to continue the temporary relief heretofore granted and to conditionally provide that such temporary relief shall become final.

Now, therefore, it is ordered, That the hearing scheduled to be held in the above-entitled matter on October 8, 1942 at Washington, D. C., be, and it hereby

is, cancelled.

It is further ordered, That, pending final disposition of the above-entitled matter, the temporary relief granted by the Memorandum Opinion and Order dated August 18, 1942, 7 F. R. 6618, be, and it hereby is, continued and the language thereof is incorporated as part of § 338.21 (General prices in cents per net ton for shipment into all market areas).

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter, as amended, and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order unless it shall otherwise be ordered.

Dated: October 3, 1942.

TITLE 32—NATIONAL DEFENSE
Chapter IX—War Production Board

Subchapter A-General Provisions

PART 903—DELEGATIONS OF AUTHORITY [Directive 10]

### NARCOTIC DRUGS

§ 903.16 Delegation of authority over narcotic drugs to Bureau of Narcotics, Department of the Treasury. Pursuant to the authority vested in me by Executive Order No. 9024 of January 16, 1942, Executive Order No. 9040 of January 24, 1942, and Executive Order No. 9125 of April 7, 1942, and in order to delegate to the Bureau of Narcotics, Department of the Treasury, authority in connection with the production, manufacture, distribution, and use of narcotic drugs, It is hereby ordered and directed That:

(a) The Bureau of Narcotics is authorized to perform the functions and exercise the power, authority and discretion conferred upon the President by section 2 (a) of the Act of June 28, 1940 (54 Stat. 676), as amended by Title III of the Second War Powers Act, 1942 (Pub. Law 507, 77th Cong.), with respect to the allocation of narcotic drugs in such manner and to such extent as it may deem necessary or appropriate in the public interest and to promote the National Defense. The authority of the Bureau of Narcotics under this Directive shall include the power to regulate or prohibit the production, manufacture, sale, transfer or other disposition of narcotic drugs by any person who has acted in violation of any regulation or order prescribed by the Bureau of Narcotics hereunder. Bureau of Narcotics is likewise authorized to require such reports and the keeping of such records, and to make such investigations as it may deem necessary or appropriate for the administration of the powers conferred herein; and it may take such measures as it may deem necessary or appropriate for the enforcement of any direction or order prescribed pursuant to this Directive.

(b) The Bureau of Narcotics may exercise the power, authority and discretion conferred upon it by this Directive through such officials and employees of the Department of the Treasury and in such manner as it may determine.

(c) The Chairman of the War Production Board may from time to time delegate to the Bureau of Narcotics such additional powers with respect to the exercise of control over narcotic drugs, or amend or revoke the delegation herein in such manner and to such extent as he may determine to be necessary or appropriate.

(d) Nothing herein shall be construed to limit or modify any order or directive herecofore issued by the Director of Priorities of the Office of Production Management, or the Director of Industry Operations of the War Production Board, or the Director General for Operations of the War Production Board, nor to delegate to the Bureau of Narcotics the power to extend, amend or modify any such order or directive, nor to terminate or limit the power of the Director General

for Operations to issue future orders regulating transactions in narcotic drugs: Provided, however, That no preference rating heretofore or hereafter assigned, applied or extended by any person shall have any binding effect with respect to any transaction in narcotic drugs unless the Bureau of Narcotics shall expressly so order.

(e) For the purposes of this Directive; (1) "Narcotic drugs" means oplum, coca leaves, cocaine or any salt, derivative or preparation of oplum, coca leaves or cocaine; (2) "Bureau of Narcotics" means the Commissioner of Narcotics, acting under the supervision of the Secretary of the Treasury.

### PART 3089—OITICICA OIL [General Preference Order M-238]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of oiticica oil for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3089.1 General Preference Order M-238—(a) Definition. (1) "Olticica" means that oil obtained from the oiticica nut, commonly known as oiticica oil, whether crude (solid) or refined (liquefied), but not including any quick-bodying (Q. B.) oil.

(b) Restrictions on use, processing and delivery of oiticica oil. (1) Subject to paragraph (c) hereof, no person shall on and after November 1, 1942, use, process or consume oiticica oil except as specifically authorized by the Director General for Operations.

(2) Up to and including October 31, 1942, no person shall use or process any oiticica oil, except upon the following categories of orders:

(i) Defense orders having Preference Ratings of A-2 or better.

(ii) Orders placed by Defense Supplies Corporation.

(iii) Orders for the manufacture of can linings for cans to contain food products for human consumption.

(iv) Orders for the manufacture of outside can coatings where oiticica oil is essential to withstand normal food

processing.

(v) Orders for uses to comply with underwriters' regulations, health sanitary or safety regulations or laws issued by Government authority, provided the pertinent provisions of such laws or regulations were in effect both on December 1, 1941 and on the date of such use, and specifically require the use of oiticica oil or a product required specifically to be made from oiticica oil.

(3) The Director General for Operations in his discretion may from time to time issue special directions to any person with respect to the use, processing or delivery by such person of any officia oil.

(c) Special exceptions. Specific authorization shall not be required by any

person:

(1) To use, consume or process in any calendar month not more than 35 lbs. of oiticica oil.

(2) To press, refine or liquefy any quantity of oiticica oil, but not to manufacture any quick-bodying or other processed oil.

- (d) Applications and reports. (1) Each person seeking authorization to use, consume, or process oiticica oil during any calendar month beginning with November 1, 1942 (except as provided in paragraph (c) hereof) shall file application therefor on or before the 15th day of the month preceding the month for which authorization to use, consume or process is sought. Such application shall be made on Form PD-600, in the manner prescribed therein, subject to the following instructions for the purpose of this order:
- (i) Copies of Form PD-600 may be obtained at local field offices of the War Production Board.
- (ii) Three certified copies shall be prepared and filed with the War Production Board, Chemicals Branch, Washington.
   D. C., Ref.: M-238.

(iv) In Columns 1 and 11, specify grade, as indicated by the following examples: crude (solid) or refined (liquefied).

(v) In Columns 3, 20 and 22, specify primary product in terms of the following: protective coatings; core oil; electrical insulation; rubber substitutes; emulsion breakers; other (specify).

(vi) In Column 4, specify ultimate use of product (as for example, "electric motor windings", as opposed to "electric wire insulating varnish" which may be the primary product called for in Columns 3, 20 and 22), and also specify in each case whether your customer is Army, Navy, other government agency, Lend-Lease, or commercial customer.

(vii) Remarks in Column 10 may, if necessary, be extended on the reverse side of the sheet. Include in remarks quantity of olticlea oil used in the manufacture or preparation of primary products in corresponding period of year 1941. If requirements have increased appreciably, state reasons.

(viii) Columns 9, 17, 18 and 19 shall be left blank.

(2) Each person affected by this order shall file such other reports at such times and with respect to such matters as the Director General for Operations may from time to time direct.

(e) Miscellaneous provisions—(1) Applicability of Priorities Regulations. This order and all transactions affected hereby are subject to all applicable provisions of War Production Board priorities regulations, as amended from time to time.

(2) Violations. Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) Communications to War Production Board. All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C Ref.: M-238.

§ 1388.1342 Necessity. The necessity for stabilization or reduction of rents for defense-area housing accommodations in the defense-rental areas designated in § 1388.1341 is as follows:

The designations of defense-rental areas hereby and heretofore made include the entire United States. The problem of inflation is nation-wide, and effective prevention of inflation requires nation-wide action affecting substantially all elements of the national economy. War conditions have caused widespread increases in rents, and threaten further general price and rent rises. Any increases in housing rentals, an important factor in the cost of living, have serious inflationary effects. Additional rental increases are threatened not only by increased migrations from one part of the country to another in connection with war production and new or expanding military establishments, but also by general factors affecting the economy including the greatly increased purchasing power of the people of the nation in relation to a relatively stable and limited supply of housing. In each of the designated defense-rental areas, defense activities have resulted or threaten to result in an increase in rents for housing accommodations inconsistent with the purposes of the Emergency Price Control Act of 1942.

§ 1388.1343 Recommendations. It is the judgment of the Price Administrator that by April 1, 1941, defense activities had not yet resulted in increases in rents for housing accommodations within any of the defense-rental areas designated in § 1388.1341 inconsistent with the purposes of the Act. Accordingly, the Price Administrator has ascertained and given due consideration to the rents prevailing for housing accommodations within each of the designated areas on or about March 1, 1942. The Price Administrator has considered, so far as practicable, relevant factors deemed by him to be of general applicability, including fluctuations in property taxes and other costs. It is the judgment of the Price Administrator that the recommendations hereinafter set forth are generally fair and equitable and will effectuate the purposes of the Act.

Recommendations with reference to the stabilization or reduction of rents for housing accommodations within each of the designated defense-rental areas are

as follows:

(a) The maximum rent for housing accommodations rented on March 1, 1942 should be the rent for such accommodations on that date. Appropriate provision consistent with such maximum rent date should be made for the maximum rent for housing accommodations not rented on March 1, 1942. In appropriate cases, including those relating to new construction or substantial changes of housing accommodations, provision consistent with the Emergency Price Control Act of 1942 should be made for the determination, adjustment, and modification of maximum rents of housing accommodations, but in principle such rents should not be greater than the rents generally prevailing for comparable ac-

commodations in the particular area on March 1, 1942.

(b) Appropriate provision should be made with respect to the restraint of evictions and other actions relating to the recovery of possession.

(c) Appropriate provision should be made to prevent the circumvision or evasion of maximum rents by any method whatever.

§ 1388.1344 Maximum rent regulation. If within sixty days after the issuance of this designation and rent declaration, rents for housing accommodations within any defense-rental area designated in § 1388.1341 have not in the judgment of the Price Administrator been stabilized or reduced by State or local regulation, or otherwise, in accordance with the foregoing recommendations, the Price Administrator may by regulation or order establish such maximum rent or maximum rents for such accommodations as in his judgment will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942.

§ 1388.1345 Effective date. This designation and rent declaration (§§ 1388.-1341 to 1388.1345, inclusive) shall become effective October 5, 1942.

Issued this 5th day of October 1942.

In § 1389.115 (b) and in § 1389.116 (c), the date October 10, 1942, is changed October 25, 1942. § 1389.118 is amended as set forth below:

- § 1389.118 Applications for adjustment or amendment-(a) Retail adjustments. The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum price established under this Maximum Price Regulation 177 for any seller at retail in any case in which such seller shows:
- (1) That such maximum price is abnormally low in relation to the maximum prices of the same or similar garments established for other sellers at retail; and
- (2) That this abnormality subjects him to substantial hardship.

Applications for adjustment under this paragraph (a) shall be filed in accordance with Procedural Regulation No. 22 No maximum price shall be

adjusted under this paragraph (a) to exceed the seller's highest maximum price for a garment of the same classification dealt in during the base period, including any adjustment thereof under this paragraph (a).

(b) Petitions for amendment. person seeking a modification of any provision of this Maximum Price Regulation 177 may file a petition for amendment in accordance with the provisions of Procedural Regulation No. 11 issued by the Office of Price Administration.

(c) Adjustment of limitations on highest price lines. The Office of Price Ad-. ministration, or any duly authorized officer thereof, may by order adjust the maximum prices of any seller, at retail or otherwise, in any case in which the

seller shows:

(1) That because of the rule limiting the highest maximum price which may be determined for any classification of garments, his maximum prices for certain garments are lower than they would otherwise be;

(2) That in the absence of adjustment. these maximum prices would subject the

seller to substantial hardship;

(3) That the garments affected, or the materials used in these garments, were irrevocably purchased by the seller before July 11, 1942, and constitute a substantial proportion of his inventory; and

(4) That establishing higher maximum prices for these garments will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of Maximum Price Regulation 177 to eliminate the danger of inflation.

Applications for adjustment under this paragraph (c) shall be filed by a seller at retail under Procedural Regulation No. 2 and by any other seller under Procedural Regulation No. 1.

- e§ 1389.120a Effective dates of corrections and amendments.
- (d) Amendment 3 (§§ 1389.115 (b), 1389.116 (c) and 1389.118) to Maximum Price Regulation 177 shall become effective October 10, 1942.

### PART 1410-WOOL

[Amendment 9 to Revised Price Echedule 59, as Amended 1]

WOOL AND WOOL TOPS AND YARKS

A statement of the considerations involved in the issuance of this Amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

Section 1410.51 is amended by adding a new subparagraph (3) to paragraph (b) as set forth below:

§ 1410.51 Maximum prices for wool and wool tops and yarns.

(3) The seller's maximum price for wool or wool tops or yarns which cannot be determined in accordance with subparagraph (1) of this paragraph shall be a price in line with the level of maximum price sestablished by this Revised Price Schedule No. 58, as amended, which shall be determined by the seller after specific authorization from the Office of Price Administration.

A seller who cceks to determine a maximum price in accordance with this subparagraph (3) shall file with the Office of Price Administration in Washington, D. C., an application setting forth: (i) a description in detail of the wool or wool tops or yarns for which a maximum price is sought; and (il) a statement of the reasons why such wool. wool tops, or yarns cannot be priced under subparagraph (1) of paragraph (b) of this section; (iii) the maximum price for the most nearly comparable wool or wool tops or yarns and a statement of the characteristics which differentiate the wool or wool tops or yarns for which a maximum price is sought; (iv) such other information as may be required by the Office of Price Administration.

If such authorization is given it will be accompanied by instructions as to the method of determining the maximum price. Within ten days after such price has been determined, the seller shall report the price to the Office of Price Administration in Washington, D. C. The price reported shall be subject to adjustment at any time by the Office of Price Administration.

§ 1410.60. Effective date of amend-ment.

(k) Amendment No. 9 (§ 1410.51 (b) (3)) to Revised Price Schedule No. 58, as amended, shall become effective October 8, 1942.

PART 1499—COMMODITIES AND SERVICES [Order 84 Under § 1499.3 (b) of General Maximum Price Regulation 1]

### MAXIMUM PRICES FOR DIE CASTINGS

For the reasons set forth in an opinion\* issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and § 1499.3 (b) of the General Maximum Price Regulation, It is hereby ordered, That:

§ 1499.298 Method by which a die caster may determine maximum prices for die castings which cannot be priced under § 1499.2-of the General Maximum Price Regulation. (a) Whenever a die caster cannot determine the maximum price for any die casting, produced and sold as a die casting by such die caster, under § 1499.2 of the General Maximum Price Regulation, such die caster is hereby authorized to determine the maximum price of such product by applying the same pricing formula or method of calculating prices used by him on March 31st, 1942. In applying such pricing formula or method of calculating prices, the die caster shall use the same unit cost factors (i. e. the same wage and machine hour rates, the same per pound prices of materials, and the same unit overhead) and the same percentage of profit over costs, extra charges, credit and quantity discounts and allowances, which he would have used on March 31, 1942, even though such unit cost factors may have increased since that date.

(b) Within 10 days after a die caster has determined a maximum price pursuant to the provisions of paragraph (a) of this order, he shall report such price to the Office of Price Administration. Such report shall set forth, in addition to the price, (1) a description and identification of the die casting for which such price was determined, (2) a statement of facts which differentiate such die casting from other die castings delivered or offered for delivery during March, 1942 by such die caster and by other competitive sellers of the same class, and (3) a statement that the maximum price reported was determined in accordance with paragraph (a) of this order, and the facts in support of such statement. The die caster, in this connection, shall submit a statement breaking down the price reported into the following categories; (i) material cost, (ii) manufac-turing costs, other than plant overhead but including machining (machine hour rate and units per hour to be specified), (iii) plant overhead, (iv) administrative overhead and (v) profit. The maximum price reported by a die caster in accordance with the provisions of this paragraph (b) shall be subject to adjustment at any time by the Price Administrator.

(c) As used in this Order No. 84: (1) "Die caster" means any person who pro-

duces die castings.
(2) "Die casting" means a casting produced by injection of molten, nonferrous metal into a die at higher than atmospheric pressure.

(3) "Non-ferrous metal" means aluminum, antimony, beryllium, bismuth, cadmium, cobalt, copper, lead, magne-sium, nickel, tin, zinc and their alloys where any one or any combination of the above metals equals or exceeds fifty (50%) percent by weight of the total metal.

(d) This Order No. 84 may be revoked or amended by the Price Administrator at any time.

(e) This Order No. 84 (§ 1499.298) shall become effective October 6, 1942.

(1) Raw material costs per unit, computed on the basis of actual prices (not to exceed the applicable maximum prices) paid for raw materials, and in any case not to exceed the highest price charged in March 1942, by the actual supplier to a purchaser of the same class as the Victor Chemical Works.

(2) Manufacturing costs, equal to the sum of the applicable unit costs prevailing during March 1942, for the operations used in making the article to be priced, as specified in a list of unit manufacturing costs filed by the mixed products department of the Victor Chemical Works with the Office of Price Administration.

(b) All discounts, trade practices, and practices relating to the payment of shipping charges in effect during March 1942, on the sales by the mixed products department of the Victor Chemical Company of comparable products, shall apply to the Maximum Prices determined under paragraph (a).

(c) On or before the last day of each month, beginning with October 1942, the mixed products department of the Victor Chemical Works shall submit to the Office of Price Administration in Washington, D. C., an individual report in affidavit form for each product priced under this Order No. 85 during the pre-- ceding month. Each such report shall include a description of the product so priced; a statement showing why the product cannot be priced under § 1499.2 of the General Maximum Price Regulation; the maximum price determined; and a detailed statement of the factors referred to in paragraph (a) of this order which were used in the determination of such maximum price.

(d) Each price reported under (c) shall be subject to adjustment at any time by the Office of Price Administration.

(e) This Order No. 85 may be revoked or amended by the Price Administrator at any time.

Chapter II-Division of Public Contracts

PART 201—PROCEDURE FOR THE STIPULA-TION OF CONDITIONS IN GOVERNMENT PURCHASE CONTRACTS

### RECORDS OF EMPLOYMENT

Amendment to regulations for administration of the Act of June 30, 1936, Public No. 846, 74th Congress.

By virtue of the authority vested in me by section 4 of the Act approved June 30, 1936, 49 Stat. 2036, 41 U.S.C., secs. 35-45, I hereby amend Article 501, Regulations No. 504, prescribed by the Secretary of Labor under Public Act No. 846, Seventy-fourth Congress (Series A), by substituting for the words "under 21 years of age" in item (b) the words "under 19 years of age" so that the article as amended will read as follows:

§ 201.501 Records of employment. Every contractor subject to the provisions of the act and these Regulations shall maintain the following records of employment which shall be available for the inspection and transcription of authorized representatives of the Secretary of Labor:

- (a) Name, address, sex, and occupation of each employee covered by the contract stipulations.
- (b) Date of birth of each such employee under 19 years of age.
- (c) Wage and hour records for each such employee including the rate of wages and the amount paid each pay period, the hours worked each day and each week, and the period during which each such employee was engaged on a Government contract with the number of such contract. Compliance with this subsection shall be deemed complete if wage-and-hour records for all employees in the plant are maintained during the period between the award of any Government contract and the date of delivery of the materials, supplies, articles, or equipment: Provided, That where no separate records for employees engaged on Government contracts are maintained, it shall be presumed until affirmative proof is present to the contrary that all employees in the plant, from the date of award of any such contract until the date of delivery of the materials, supplies, articles or equipment, were engaged on such Government contract.

No. 197---3

Such records shall be kept on file for at least 4 years from their last date of entry.

Dated: October 3, 1942.

### DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. D-15]

ACKERHAN COAL COMPANY, ET AL. NOTICE OF HEARING, ETC.

Notice of and order for hearing; order revolving certain registrations; and order dismissing proceedings as to certain respondents.

In the matter of proceedings to determine if certain registered distributors are bona fide merchants actively, regularly and continuously engaged in the business of purchasing coal for resale and actually reselling it in not less than cargo or railroad carload lots within the meaning of \$304.13 of the rules and regulations for the registration of distributors; and for the revocation of the registration of distributors who are not so engaged.

The Bituminous Coal Division, on February 18, 1942, having issued, in the above-entitled matter, an Order to Show Cause why the Registration of the Registered Distributors named therein should not be revoked on the grounds that such registrants were not actively, regularly and continuously engaged in the business of purchasing coal for resale and reselling it in not less than cargo or railroad carload lots within the meaning of § 304.13 of the Rules and Regulations for the Registration of Distributors; and

<sup>17</sup> F.R. 7255.

<sup>&</sup>lt;sup>2</sup>7 F.R. 4304, 4386, 4930, 5246, 6366, 6014, 6017, 6557.

Said order having provided that the failure of any such named distributor to file an answer to said Order to Show Cause, as required by the order, may be deemed to be an admission that the person so failing to file is not actively, regularly and continuously engaged as a distributor, and an order revoking the registration of such person may be entered; and

Said order having further provided that if any answering respondent has failed to show cause, as therein provided, why his registration should not be revoked, such answering respondent would be afforded an opportunity to be heard and offer evidence in support of his answer; and

It appearing that each of the registered distributors whose names, addresses, and registration numbers are set forth in Exhibit A, attached hereto and made a part hereof, filed an answer to said Order to Show Cause, and made adequate showing therein that his or its registration should not be revoked upon the grounds stated in said order; and

It further appearing that each of the registered distributors, whose names, addresses and registration numbers are set forth in Exhibit B, attached hereto and made a part hereof, failed to file an answer to said Order to Show Cause; and

It further appearing that each of the ·registered distributors, whose names, addresses and registration numbers are set forth in Exhibit C, attached hereto and made a part hereof, although having filed an answer to said Order to Show Cause. falled to make adequate showing therein that he or it was actively, regularly and continuously engaged in the business of purchasing coal for resale and reselling it in not less than cargo or railroad carload lots, in that the distributor tonnage handled by him or it from October 1, 1940, or from the date of his or its registration (whichever date is later) to the date of the filing of such answer, was less than an average of one and onehalf (11/2) carloads per month; and

It further appearing that each of the registered distributors whose names, addresses and registration numbers are set forth in Exhibit D, attached hereto and made a part hereof, although having filed an answer to said Order to Show Cause, failed to disclose therein adequate information from which accurate tonnage data concerning his or its distributor transactions could be determined; and

It further appearing that certain distributors cited in said Order to Show Cause, but not listed in Exhibits A, B, C or D hereof, are no longer registered with the Division, except Shelby Coal Company, Inc., Registration No. 8321 and Shelby Coal Co. (W. K. Jenne), Registra-

tion No. 4797, with respect to whom action herein is deferred;

Now, therefore, it is ordered: 1. That these proceedings be, and they are hereby dismissed as to each registered distributor whose name, address and registration number is set forth on Exhibit A, attached hereto.

2. That the registration of each registered distributor whose name, address and registration number is set forth on Exhibit B, attached hereto, be and the same is hereby revoked.

3. That a hearing be held in the aboveentitled matter on December 7, 1942, at 10:00 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, Washington, D. C. On such day the Chief of the Records Section in the offices of the Division will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to each of the registered distributors

whose names, addresses and registration numbers are set forth in Exhibits C and D, attached hereto, and to all other persons who may have an interest in the subject matter of this proceeding. Any person, including any registered distributor, listed in Exhibits C and D, desiring to be heard at said hearing shall file a notice to that effect with the Bituminous Coal Division, Washington, D. C., on or before November 27, 1942, setting forth therein the nature of his interest and a concise statement of the matter or matters which he intends to present. Failure of any such registered distributor to file such notice may be deemed by the Division as an admission that the registered distributor so failing to file such notice is not actively, regularly and continuously engaged as a distributor, and an appropriate order in the premises may be entered.

The matter concerned herewith is in regard to the eligibility of the registered distributors listed in Exhibits C and D, attached hereto, to retain their registration as distributors in accordance with § 304.13 of the Rules and Regulations for the Registration of Distributors; and in regard to the revocation of the registration of any of said registered distributors who are ineligible to retain their said registration, as provided in § 304.14 of the Rules and Regulations for the Registration of Distributors.

Dated: October 2, 1942.

### [General Docket No. 21]

DETERMINATION OF EXTENT OF CHANGE OF COSTS OF MINIMUM PRICE AREAS

ORDER AND OPINION ON QUESTIONS OF LAW
AND POLICY

### Correction

In the fourth paragraph of the order appearing on page 7859 of the issue for October 3, 1942, the dates "August 26" should be "August 28".

### CIVIL SERVICE COMMISSION.

CONDITION OF THE APPORTIONMENT AT CLOSE OF BUSINESS MONDAY, SEPTEMBER 30, 1942

Important: The apportioned classified Civil Service includes central offices physically located in Washington, D. C., or elsewhere. Positions in local post offices, customs districts and other field services outside of the District of Columbia which are-subject to the Civil Service act are filled almost wholly by persons who are local residents of the general community in which the vacancies exist. It should be noted and understood that so long as a person occupies, by original appointment, a position in the apportioned service, the charge for his appointment continues to run against his state of original residence. Certifications of eligibles are first made from states which are in arrears. The apportionment is observed in

certifications except to low salaried positions; but as persons who receive appointments in the Departmental Service under the War Service Regulations do not thereby acquire a permanent classified civil service status, their appointments are not charged to the apportionment.
